New Delhi, India

EXPERIENCE

Prorido

SEO Executive Intern

Jan 2026 – Feb 2026

Bengaluru, Karnataka

- Managed and updated WordPress websites by creating and modifying pages, posts, and media content.
- Built high-quality backlinks and implemented basic SEO practices to improve website visibility and search engine rankings

Zidio Development

Full Stack Intern

April 2025 – July 2025

New Delhi, India

- Developed a MERN-based Excel Analytics Platform enabling users to upload Excel files and generate interactive 2D/3D visualizations with downloadable reports and real-time dashboard insights.
- Implemented JWT authentication, REST APIs, and Redux Toolkit for secure data processing, efficient state management, and a responsive user experience.
- Developed a full-stack Blogging Platform featuring rich text editing, likes, nested comments, advanced search, and role-based admin moderation.
- Integrated JWT authentication, Redux Toolkit, and a responsive Tailwind CSS interface to deliver secure, scalable, and seamless content management.

PROJECTS

Study Notion | MERN Stack, React, Node.js, MongoDB, Razorpay, Cloudinary

Live

- Developed a full-stack **ed-tech** platform with role-based authentication (Student/Instructor), enabling course creation, enrollment, and progress tracking.
- Designed and integrated **RESTful APIs**, **JWT** authentication, and **Cloudinary** for secure user management and efficient media uploads.
- Implemented **Razorpay** payment gateway, analytics dashboards, and a responsive UI to provide a seamless course purchasing and learning experience.

Tomato – Food Ordering App | MERN Stack, React Context API, JWT, Stripe

Live

- Built a food ordering platform with customer and **admin** panels, **menu management**, shopping cart, and real-time order processing.
- Implemented **JWT** authentication, Stripe payment integration, and **React Context API** for secure transactions and efficient state management.

Appointy | MERN Stack, JWT, Razorpay, Stripe

Live

- A healthcare appointment booking platform with role-based access (Patient/Doctor/Admin), appointment scheduling, and analytic dashboards.
- Integrated **JWT** authentication, Razorpay/Stripe **payment** gateways, and **RESTful APIs** to ensure secure, scalable, and seamless appointment management.
