EDUCATION

Maharaja Agrasen Institute of Technology

Bachelor of Technology in Information Technology, CGPA: 9.02/10.00

Expected May 2027

New Delhi, India

Lovely Public Sr Sec School

10th : 91%, 12th : 93%

Graduated 2023

New Delhi, India

EXPERIENCE

Prorido

SEO Executive Intern

Jan 2026 – Feb 2026

Bengaluru, Karnataka

- Managed and updated WordPress websites by creating and modifying pages, posts, and media content.
- Built high-quality backlinks and implemented basic SEO practices to improve website visibility and search engine rankings

GoRido

Full Stack Developer Intern

August 2026 – Present

Remote

- Built a full-stack car rental platform using React 19, Node.js, Express, and MongoDB with real-time vehicle availability algorithms, dynamic pricing, and role-based access control.
- Integrated Razorpay payment gateway with HMAC cryptographic webhook signature verification, automated PDFKit invoices, and Nodemailer transactional email confirmations.
- Implemented an agentic AI rental concierge using Google Gemini API with structured function calling (searchCars, checkBookingStatus) to query live MongoDB collections in real time.

PROJECTS

GoRido | React 19, Node.js, Express, MongoDB, Gemini AI, Razorpay, PDFKit

Live

- Built a full-stack **car rental platform** with real-time vehicle availability algorithms, dynamic pricing, and **role-based access control** for admin, owner, and user roles.
- Integrated **Razorpay** with HMAC cryptographic webhook verification, automated **PDFKit** invoices, and **Nodemailer** transactional email confirmations post-booking.
- Implemented an **agentic Gemini AI** concierge with structured function calling (**searchCars**, **checkBookingStatus**) to query live MongoDB collections in real time.

SynapseAI | React 19, TypeScript, Node.js, Socket.IO, MongoDB Atlas, Gemini API

Live

- Developed a **multiplayer AI platform** for real-time collaborative prompt engineering with low-latency **WebSocket** rooms, live cursors, presence indicators, and typing signals.
- Implemented **side-by-side token streaming** from multiple LLMs including Google Gemini, enabling comparative model evaluation with zero buffering.
- Built a full **RBAC admin dashboard** with usage telemetry, session persistence via **MongoDB Atlas**, and interactive analytics using **Recharts**.

LinkMind AI | React 19, TypeScript, Node.js, Redis, Socket.IO, Gemini AI, MongoDB

Live

- Engineered an enterprise **URL shortener SaaS** with sub-5ms **Redis-cached** redirects, custom alias generation, and dynamic **QR code** creation.
- Built **live visitor analytics** with real-time geo-tracking, click telemetry, and device breakdown streamed to the dashboard via **Socket.IO**.
- Integrated **Google Gemini AI** for traffic diagnostics and link insights, with **JWT HttpOnly** cookie auth and role-based admin moderation panel.

TECHNICAL SKILLS

Languages: C,C++, SQL ,Postgres, JavaScript, HTML/CSS

Development: React, Node.js,REST APIs, PostgreSQL, MongoDB, Express js

Developer Tools: Git, VS Code, postMan , Vercel , Github, Cloudinary

CS Core: Data Structures, Operating System, Algorithms, OOPS, DBMS
